

Domaine de Flines

ANJOU SOUS BOIS

AOC ROUGE

Area of Production :

Anjou wines are produced on carefully chosen soils.

Method of Production :

this Anjou wine is made from Cabernet Franc grapes. Its fine ruby colour, raspberry and blackcurrant flavour, and a smooth vanilla taste give to this wine a very nice harmony. Matured in oak barrels during a few months, this wine is now ready to drink but could also age well.

Serving Suggestions :

Very nice at 12°/14°C with cheeses, gamebird, and red meat, lamb and venations.
